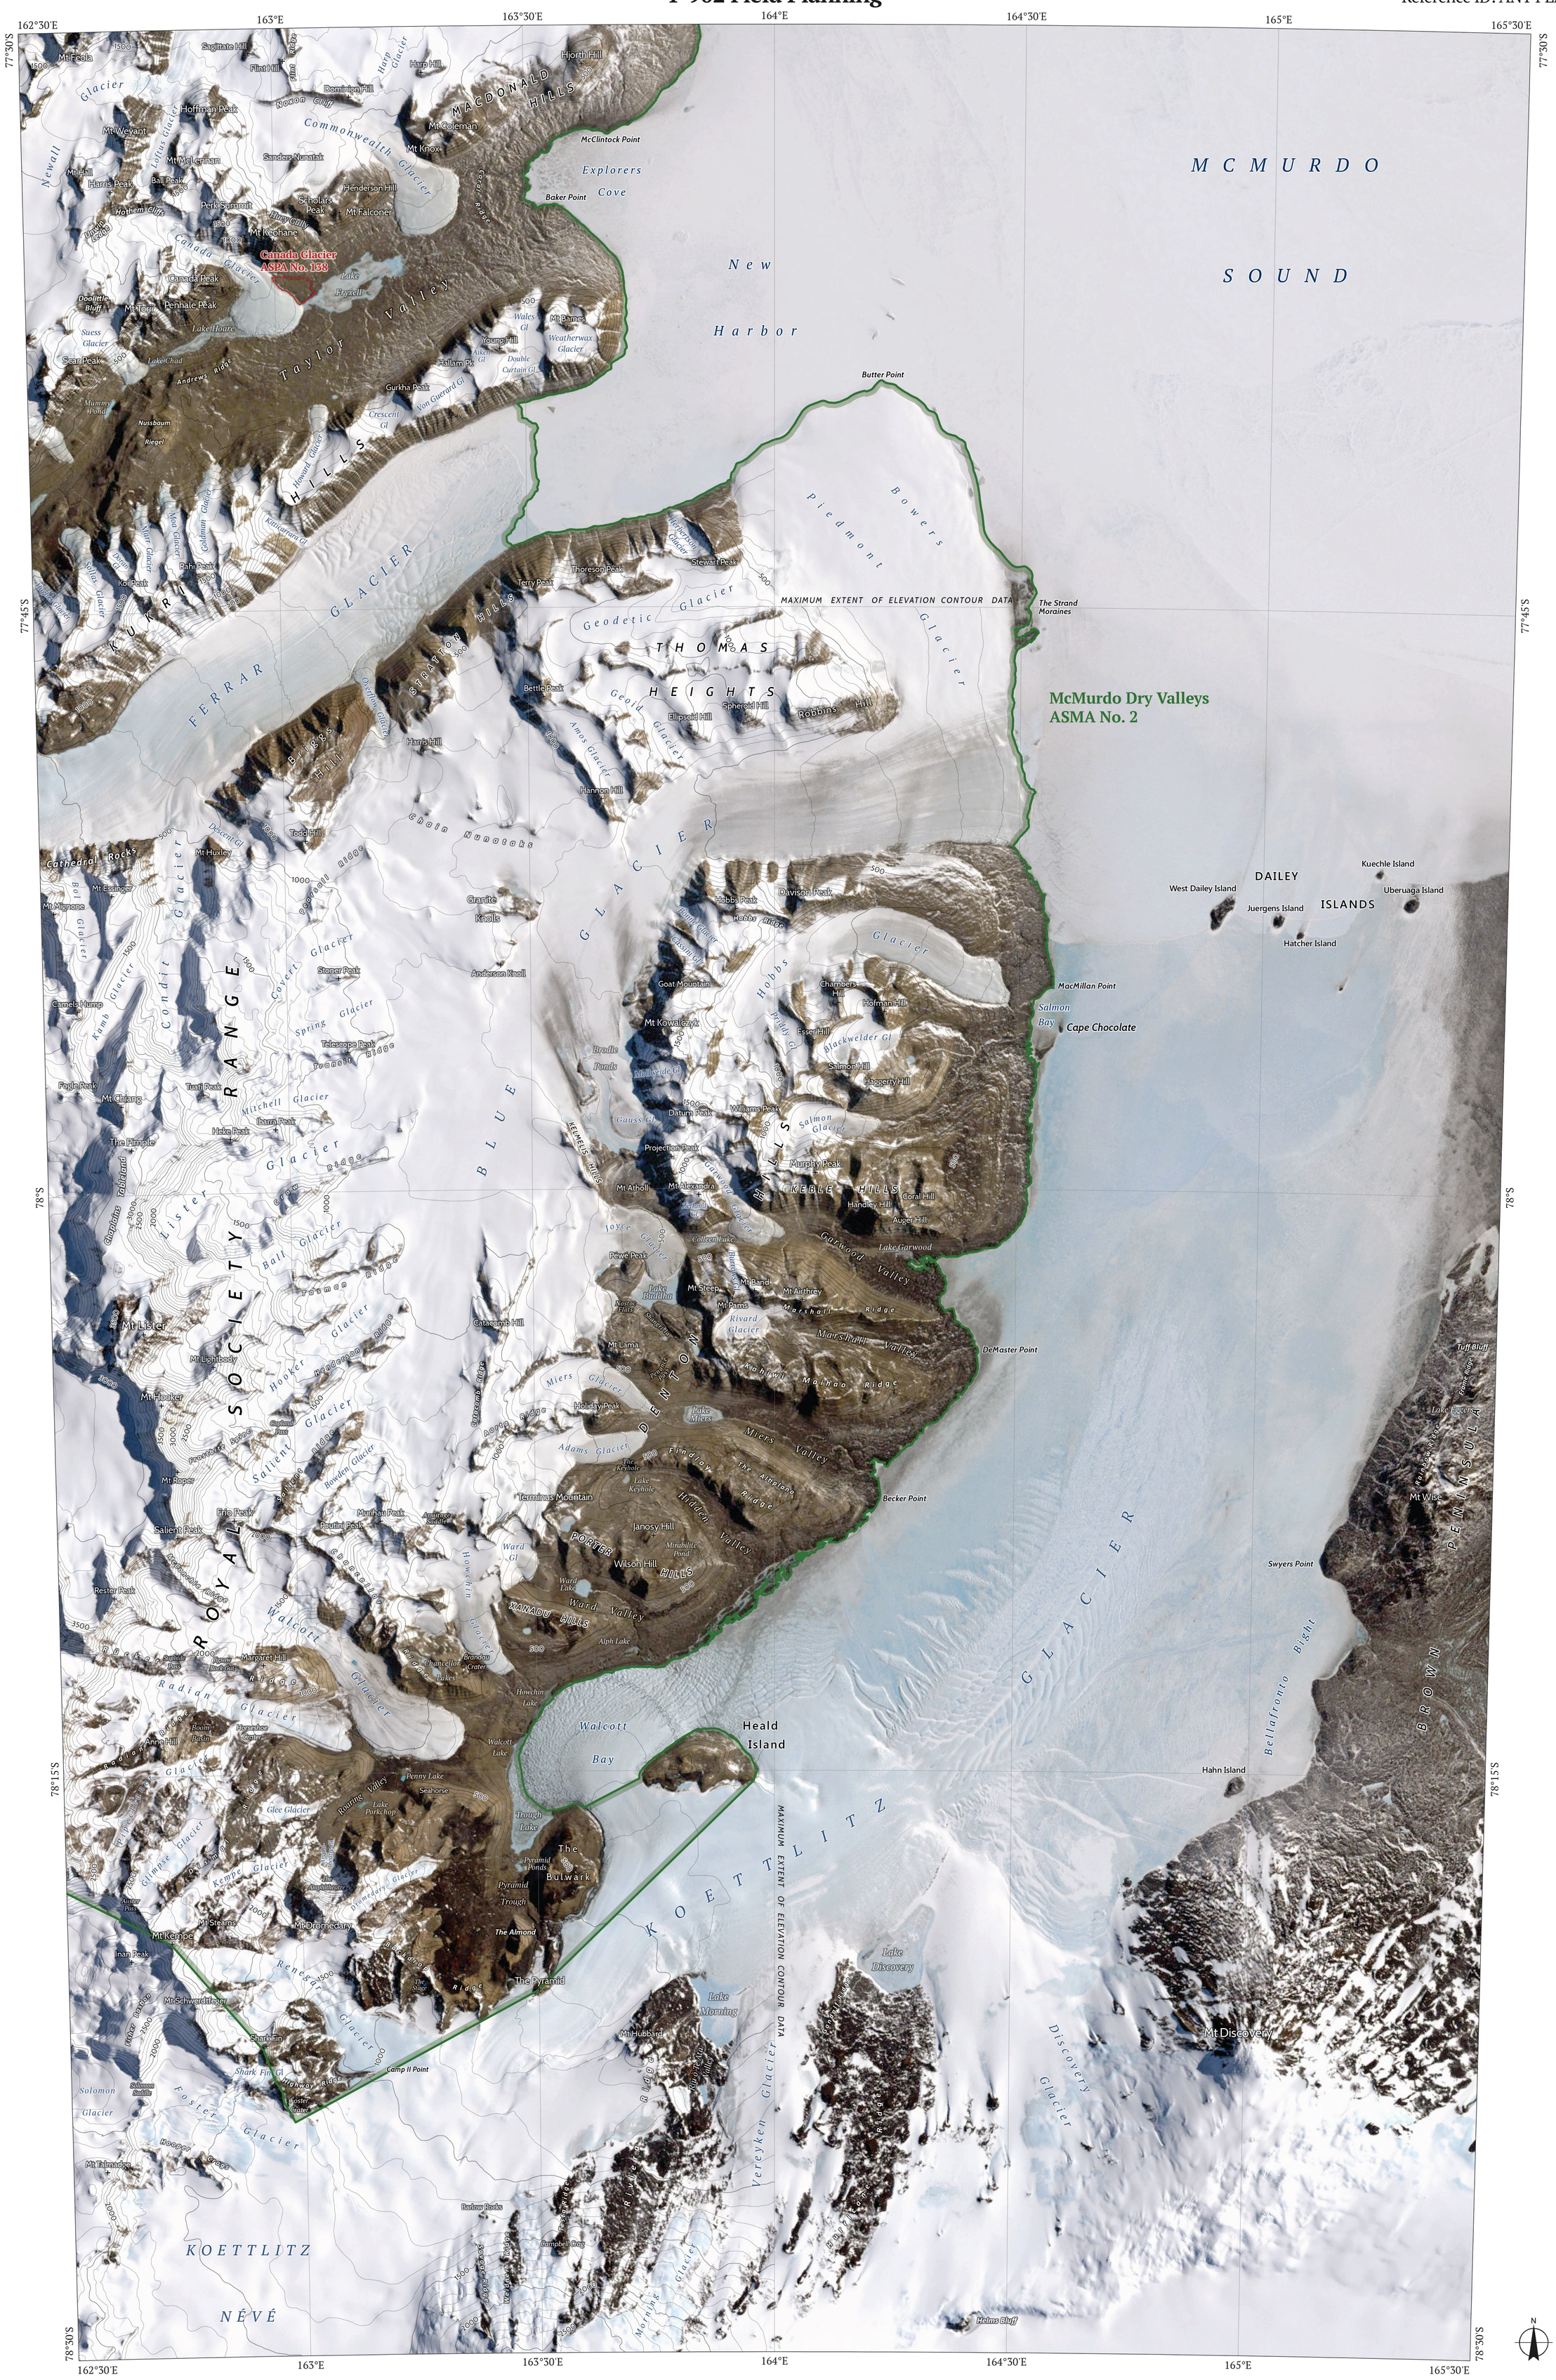
T-902 Field Planning



Locator Maps:

T-902 Field Planning 2012

Blue Glacier, Southern Dry Valleys

WGS84 Antarctic Polar Stereographic Projection | Central Meridian 164°E | Standard Parallel 71°S
Lines of longitude indicate true north

Scale 1:140,000 when printed at 24" x 36"

0 5 10 15 20 Kilometers

0 5 10 15 20 Miles

0 5 10 15 20 Nautical Miles

Data Sources:
15 meter Landsat Image Mosaic of Antarctic (LIMA) provided by USGS, NSF, NASA, BAS

Antarctic Specially Protected Area (ASPA) & Antarctic Specially Managed Area (ASMA) boundaries provided by Environmental Research & Assessment

Elevation contours provided by United States Geological Survey
Contour interval 100 meters - Elevations based on Mean Sea Level

Placenames derived from SCAR Composite Gazetteer
